General Information

The lease for any of these apartments is a full 12 month lease.

Many leases in Winona run a week or two short of 12 months, leaving the tenant without a place to go for that period. The larger property management companies do this so they can get in to clean and repair, as they are not staffed to handle these tasks in a shorter time.

This is only one advantage of renting from a small landlord.

Restrictions

-All Apartments are Smoke Free

-No Pets
